(Правила на-русском)

Country:	Russia			
Founder:	RU-QRP Club			
Date:	1'st Saturday of March, June, September, December			
Time:	**06:00 - 08:00**	UTC	4 periods:	06:0

Participants:	all licensed amateurs
Power:	no more than 5 Watt output
Bands:	40 & 20 m, near QRP frequencies
Modes:	CW

General set-off amongst all participants.

Exchange - Real RST, incremental QSO number starting from 001 (through all periods), previous station's SUFFIX ('QRP' for the first QSO). Example: '579 006 XXX'.

"Sprint" rules are observed. After a complete QSO the "frequency owner" must perform QSY, it's not allowed to stay on particular frequency forever. **Points** - 1 point for 1 kilometer in distance between stations (calculated by judge with the contest arbitration software using WW-locators). Duplicate QSOs are allowed in different periods or in the same period but on other band. **Multiplier**- Each new station on each new band will gives you a 1 point to multiplier.

Final result
- Multiply total points count by total multipliers count. Calculated by judges.
